

Curriculum KS2 Update April 2015

Summer Term

Welcome back! As we enter our final term of the year we are again delivering information in one go! (So keep it safe).

It is hard to believe that the school year is already two thirds complete and that in just a few weeks we will be discussing transfers and handing out end of year reports and assessments. However, there is still lots to do as you will see below.

Curriculum

Attached you will find the overview for this term and information about the creative curriculum units that are planned.

Homework

In addition to weekly Maths homework (including tables) and English homework (including weekly spellings and daily reading), the following activities / tasks are put forward to pupils to produce.

The aim is to develop free choice, independence and creativity, time management, organisation, thinking skills and problem solving skills will also develop along the way.

Pupils are expected to complete a minimum of 5 tasks of their choice during the term (of course they can complete more if they wish).

Dates for the diary

An up to date calendar of events can be found online and on our school App, but as of today these are just a few important dates to remember.
